MESSAGE FROM THE PRESIDENT

Happy New Year!

It has been a very successful and busy year for all the Auxiliary members, volunteers, board members and staff that contributed in 2018. I want to thank you all for your dedication, time and effort you spent on these projects and events accomplished in 2018. It is the cooperation and collaboration from all of you that we were able to make it all happen. Let's keep the momentum going!

Our fund-raisers were busy and prosperous. Lights of Love, brat fry sales, bake sales, flower and mum sales, plus other miscellaneous sales, generated a significant amount of dollars we could give back to Ripon Medical Center. I am happy we were able to contribute to keeping the Ripon Opioid Initiative in Ripon for another year. Please check the 2018 fund-raising report and treasurer's report for more details.

In order to keep the RMC Auxiliary active, viable and possible, I am inviting you all to give some thought to what you can contribute to this cause. We need to continue to recruit new members.

We also are in search of a new fund-raising chair. If you know anyone who might be interested, please contact a board member. It is with the collaboration of all good minds that we can continue with these worthwhile projects. It does not have to be a long-term commitment to achieve some of these. Just a few hours on small projects are helpful. The more help we have, the easier it is to accomplish and meet our goals. I thank you all for your time you donate to RMC Auxiliary! Watch for events and news in the newsletter.

Scholarship applications have been sent out to the schools. March 15 is the deadline to return them. We will continue to give three \$1,000 scholarships to students who desire to pursue a career in the medical field.

I want to thank Jackie Halverson for all her years as a member of RMC Auxiliary - five of those years as president. She also held offices at the district and state level. She is retiring from the board as the fund-raising chairperson to pursue some well-deserved R&R! Best wishes to you Jackie!

Some dates to mark on your calendars are:

RMC Auxiliary Luncheon: February 25, Ripon Medical Center, noon

Treats for Sweets Sale: February 13, Ripon Medical Center. Cookies, chocolate goodies and candies are welcome, and can be dropped off on Tuesday, February 12 in the volunteer room at Ripon Medical Center. Some volunteers will be needed to package treats on February 12 at 12 p.m. in the volunteer room.

The Flower Basket Sale will begin in February. Watch for order forms in the newsletter. They will also be available at the Ripon Medical Center information desk and gift shop.

Collective Goods and Book Sale: February 20

District Spring Meeting: March 26. We are honored to be hosting this meeting at Ripon Medical Center, and hope many of you can join us!

Advocacy Day in Madison: April 17

Blessings and have a healthy 2019.

Barb Miller, President

TREASURER'S REPORT

Financial Report December 31, 2018

The financial report at September 30, 2018 is for the first quarter of our fiscal year. During this quarter, we had a Nutman sale, a brat fry and a mum sale. All of these fund-raisers are on track with what we budgeted.

Membership dues are below budget. We need nine more paid members to make our budget. Four members will attend the state convention in October and five members will attend the district meeting in October.

Gift shop sales were 10 percent below last year at this time. We have many new things in the gift shop and expect sales to increase accordingly.

We sent an additional \$90 to Ripon Medical Center to be added to money leftover from the water wall donation to purchase a set of barbells for the RMC Wellness Center. We also sent \$10,000 to Drug Free Communities for the Ripon Opioid Initiative.

We had \$13,738.25 in cash at the end of September.

WHAT'S NEW AT RIPON MEDICAL CENTER

We have a lot going on at Ripon Medical Center these days - all exciting developments to help us continue our efforts to grow and offer as many services as possible at a local level. I'm proud to share with you but a few of these key advancements.

Joint Commission Survey

Ripon Medical Center completed a successful Joint Commission survey in early December. Everyone did a stellar job and we are grateful for their involvement. This was a positive testament to the wonderful work done daily at Ripon Medical Center. It is with appreciation of the staff, leaders both at Ripon Medical Center and Agnesian HealthCare, and providers for the wonderful survey results and for the quality of care provided daily to our patients.

Here are a few comments that were expressed by the Joint Commission surveyors:

- Engaged staff
- Have a lot of best practices
- Keep up the great work on Chasing Zero (harm to patients' initiatives)

The surveyors were thankful for being so helpful, and that they were great to work with being willing to share and ask questions.

Walk with a Doc

Agnesian HealthCare's Walk with a Doc program at Ripon High School (summer months at Ripon Medical Center) is just entering into its second year, continuing to increase incentives for community members to join. Called Walk with a Doc, Agnesian HealthCare providers encourage their patients to join them for an opportunity to walk and have one-on-one time. Walk with a Doc is an international program designed by a board-certified cardiologist. Since its inception, Ripon participants can join for free. They can now sign up as an official member of the program at no cost and receive a T-shirt. In addition, they are able to record their miles walked to earn quarterly prizes, such as gift cards and waiving the RMC Wellness Center joiner fee. In addition, free blood pressure checks are available Tuesdays and Thursdays. Ripon Medical Center providers are walking on the first, second and third Wednesdays of each month, and the third and fourth Tuesdays from 6 to 7 p.m., and Thursdays from 5 to 6 p.m. For more information, call the Health Resource Center at 926-4960 or visit agnesian.com/walk-with-a-doc.

New Trees

Thanks to a generous donation from The Foundation at Ripon Medical Center, new fruit trees have been planted on the Ripon Medical Center campus. These trees will complement the RMC Wellness Walkway and help to create a sustainable garden for the benefit of those who use the walking path to support their overall health and well-being.

Pathway to Excellence

Ripon Medical Center has successfully submitted its first Pathway to Excellence nomination from the American Nurses Credentialing Center. The Pathway to Excellence designation identifies the elements of work environments where nurses can flourish. A designation would substantiate the professional satisfaction of nurses at Ripon Medical Center and identify it as one of the best places to work. The next phase in this process for designation is for the Ripon Medical Center nursing team to complete a survey in the next couple months.

InformaCast Emergency Mass Notification System

During emergency situations, every minute counts. Calling in critical staff for any emergency is essential to an effective response. Agnesian HealthCare is introducing InformaCast to help reduce the time and steps needed to send a mass notification for an incident that will require more staff than available on-site at the time. Alerts are generated from a web console, and sent to recipients by text, phone call or e-mail. It increases the speed, reach and success rate of emergency notification communications to get critical information to the people that need it. During an emergency, notifications can request a response to see who is safe, who needs help and who is able to assist.

DeAnn Thurmer, President & Chief Nursing Officer, Ripon Medical Center and Waupun Memorial Hospital

PUBLIC POLICY EDUCATION UPDATE

Happy New Year. We are all looking forward to a great 2019! President Donald Trump has passed a bill for Medicare to make all hospitals post prices for all services rendered so, if you as a patient want to pick the least costly hospital you could. A patient now can see the charges and pick the doctor and hospital they want. It should all be posted on the web or ask the hospital to give it to you. Wisconsin is now and always has been on top of it with a program called Price Point with prices. Our biggest concern is how much we will pay out of pocket, number one question we all ask.

Sandy Krueger, Public Policy Education, Chairperson

SEWING COMMITTEE

A special thank you to Mary Park who volunteered to knit fidget sleeves for patients with Alzheimer's. I am continuing to sew breast cancer comfort pillows as they are often requested by staff.

Also thank you to those volunteers that continue to donate time and materials to keep our supply cupboard stocked. Still can use some sewing volunteers. Let me know if you can help with some simple projects.

Linda Stellmacher, Chairperson, Sewing

TREATS FOR YOUR SWEETS BAKE SALE

The RMC Auxiliary is hosting its second annual Valentine's Day Bake Sale on Wednesday, February 13 from 9 a.m. until gone at Ripon Medical Center. Come and buy treats for your sweets!

Baked items such as valentine cookies and candy and other chocolate items are needed. Chocolate is the theme for the event! Drop off is from 9 a.m. to 12 p.m. on Tuesday, February 12 in the Ripon Medical Center volunteer room. Bring your items in bulk and they will be to be packaged at the hospital.

We had a very successful holiday season at the gift shop. It was a good year, thanks to YOU! Let's make 2019 even better!

We will do our best to fill our shelves with just that "right something" you will be looking for this year. Remember to stop in and buy your sweetheart some Hughes' Chocolates for Valentine's Day!

We wish you many blessings in the New Year.

COMMUNITY HEALTH EDUCATION

Mental Illness and the Family: Recognizing Warning Signs and How to Cope

Most people believe that mental disorders are rare and “happen to someone else.” In fact, mental disorders are common and widespread. An estimated 54 million Americans suffer from some form of mental disorder in a given year.

Most families are not prepared to cope with learning their loved one has a mental illness. It can be physically and emotionally trying, and can make us feel vulnerable to the opinions and judgments of others.

If you think you or someone you know may have a mental or emotional issue, it is important to remember there is hope and help.

What is mental illness?

A mental illness is a disease that causes mild to severe disturbances in thought and/or behavior, resulting in an inability to cope with life's ordinary demands and routines.

There are more than 200 classified forms of mental illness. Some of the more common disorders are depression, bipolar disorder, dementia, schizophrenia and anxiety disorders. Symptoms may include changes in mood, personality, personal habits and/or social withdrawal.

Mental health concerns may be related to excessive stress due to a particular situation or series of events. As with cancer, diabetes and heart disease, mental illnesses are often physical as well as emotional and psychological. Mental illnesses may be caused by a reaction to environmental stresses, genetic factors, biochemical imbalances or a combination of these. With proper care and treatment, many individuals learn to cope or recover from a mental illness or emotional disorder.

To hear personal descriptions of mental illness, visit <http://www.mentalhealthamerica.net/feelslike>

Warning signs and symptoms

To learn more about symptoms that are specific to a particular mental illness, search under Mental Health Information or refer to the Mental Health America brochure on that illness. The following are signs that your loved one may want to speak to a medical or mental health professional.

It is especially important to pay attention to sudden changes in thoughts and behaviors. Also keep in mind that the onset of several of the symptoms below, and not just any one change, indicates a problem that should be assessed. The symptoms below should not be due to recent substance use or another medical condition.

Visit the Mental Health America web site for more information: <http://www.mentalhealthamerica.net/recognizing-warning-signs>
